

PULITORE MONITOR LCD

Specific cleaner for the daily cleaning of TV screens, PC monitors, plasma displays, tablet and smartphone screens

DESCRIPTION:

PULITORE MONITOR LCD it is an ideal solution for the daily care and cleaning of screens and monitors, it can be used quickly and easily thanks to the practical spray nozzle. It removes dirt deeply, sanitizes and revives the shine of surfaces, without leaving residues or streaks. It can be used on all surfaces without the need to rinse.

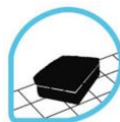

BENEFITS:

- Excellent cleaning power
- Delicate on the surface
- Ready to use

SUITABLE FOR:

Screens

APPLICATION TOOLS:

APPLICATION:

The product must be used directly on the surfaces to be cleaned. Spray using the nozzle and rub with a sponge or cotton cloth until the surface is completely dry. For more encrusted surfaces and more stubborn dirt, repeat the application in the same way.

MAINTENANCE:

Use PULITORE MONITOR LCD for the daily maintenance of your surfaces
