

CLEAN ACID

Eco-friendly acid detergent for worksite cleaning and removal of stubborn dirt

CLEAN ACID is a water-based, concentrated, eco-friendly detergent made with fast biodegrading, plant-based materials. It is a product recommended for the removal of stubborn dirt, and residues of cement, grout or mortar in general, as well as for washing and cleaning at the end of construction phases.

CLEAN ACID is fast-acting and does not develop fumes; it is a concentrated solution to be diluted in water, according to the type of dirt to be removed. It is also recommended to remove any patina or lime residues on material with low absorbency and resistance to acids, where it can act without damaging grout widths or altering the colour or appearance of the surface.

Like all products in the Greentech line, CLEAN ACID is eco-friendly and 100% water based. It is made using biodegradable ingredients, it will not harm health or the environment, and it comes in recyclable, biodegradable plastic.

CHARACTERISTICS AND BENEFITS

- ✓ 100% eco-friendly product
- ✓ Great cleaning results
- ✓ Leaves a pleasant clean perfume
- ✓ Delicate on grout widths
- ✓ Quick and easy to use

USES

Clean Acid is suitable for use indoors and outside, to clean acid-resistant surfaces, such as cotto, terracotta, porcelain stoneware, granite, clinker, glazed ceramic, porphyry and quartz-based agglomerates.

COVERAGE

10-15 m²/l

APPLICATION EQUIPMENT

Cloth, mop, floor polisher

APPLICATION

Clean Acid is a concentrated product and must be diluted in water from 1:1 up to 1:10 according to the material and amount of dirt. Dilute the product in water according to the dilution listed above and wash the flooring using traditional methods or, if possible, a polisher with white disc, wiping over the surface to aid the action of the product. After washing for a few minutes, remove the washing residues with traditional methods or a liquid vacuum cleaner.

Rinse the surface thoroughly until the washing residues have been thoroughly removed.

Detergents

CLEAN ACID – Eco-friendly acid cleaner for worksite cleaning and removal of extremely stubborn dirt

PHYSICAL AND TECHNICAL INFORMATION

Appearance:	Liquid
Colour:	Transparent
Odour:	Mint
pH:	1.10 ± 0.10
Specific weight at 20°C:	1140 ± 10 g/l
Flame point	Non flammable
Biodegradability (OECD Method):	Easily biodegradable

STORAGE

Keep the container tightly closed and store in a cool, dry place.

SHELF LIFE

24 months in the original, sealed packaging, stored in a cool, dry place.

PACKAGING

Packed in 1-litre biodegradable containers.

HAZARD IDENTIFICATION

H290	May be corrosive to metals.
H314	Causes severe skin burns and eye damage.
H302	Harmful if swallowed.
H335	May cause respiratory irritation.
P234	Keep only in original container.
P260	Do not breathe dust/fume/gas/mist/vapours/spray.
P261	Avoid breathing dust/fume/gas/mist/vapours/spray.
P264	Wash thoroughly hands and face after use
P271	Use only outdoors or in a well-ventilated area
P280	Wear protective gloves/protective clothing/eye protection/face protection.
P301+P330+P331	IF SWALLOWED: rinse mouth. Do NOT induce vomiting.
P310	Immediately call a POISON CENTER or doctor/physician.
P312	Call a POISON CENTER/ doctor/if you feel unwell.
P303+P361+P353	IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.
P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P363	Wash contaminated clothing before reuse.

Detergents
